- Flat pointed shovel, one or two per team
- Utility knife, one per person
- Dry wall knife with extra blades, two per team
- Chalk line, one or two per team
- Circular saw with carbide blade or sawsall with multiple blades, these are not mandatory but make the job a lot easier
- Flooring scraper with 6" blade and long handle, one per team
- Heavy duty trash bags, multiple boxes
- Wheel Barrow – really nice but not mandatory
- Large plastic tubs with handles – really helpful in carrying debris to curb
- Screw drivers – flat and Phillips
- Tin snips, one per team
- 1 gallon garden sprayer
- Measuring cup
- Bleach – 2 to 3 gallons per house
- Stiff brush with a handle
- Shop vacuum – makes clean up much easier
- Box fan
- 30' Rope
- Flash light or head lamp, one per person

PERSONAL PROTECTIVE EQUIPMENT

- N95 Particulate dust mask – do not use anything that is not rated at least N95
- Multi-purpose Respirator with N95 filter – this is not mandatory but recommended over the particulate dust mask
- Leather gloves
- Safety glasses or goggles – most standard eye glasses are not impact resistant
- Heavy rubber gloves – for removing wet insulation
- Shoes with thick soles – absolutely no tennis shoes or open toed shoes
- Knee pads are really nice to have
- Baseball style cap worn with the bill facing front to protect you eyes from falling debris
- Tyvek coveralls with hood – really nice for working under houses
- Rubber boots
- Ear plugs or earmuffs
- Extra set of clothes
