Have something to say?

Seattle District UMW Officers are listening. Even if you are not coming to the Annual Meeting, please complete and return this survey.

1. Have you ever had an experience that so captivated you that you followed because you couldn't do otherwise?
2. How do you see United Methodist Women evolving over the next 150 years?
3. What are you interested in learning at an Event?

Results from the Spiritual Day Apart evaluations:

I liked: the workshops, crafts suited time available, a new way of communion, the music, gathering of like-minded individuals, good access & parking, enthusiasm of both reverends, food, the group who organized this event

I learned: worship is expressed in different modes, how to look at pictures differently, to trust myself and others in the creative process, worship as an act of praise - not performance, how to make origami

I wish: more women would come, more meetings like this, information presented earlier about where the dollars were going, better traffic, hot lunches
