At this workshop you will learn about:

- The Basics of LGBTQIA+
- Sexual Orientation vs. Gender Identity
- Medical research on the origins of Transgender identities
- The spiritual implications of being Transgender in a “gender binary” world
- How both you, and your church as a whole, can help and be supportive of those special individuals whose true gender does not easily conform to our society’s expectations

There will also be plenty of time allotted for Q&A and discussion.

Jennifer A. Burnett, MS, MD, FAAFP:

“Dr. Jen” is a retired Transgender Medicine Specialist, Associate Professor of Family & Community Medicine, Univ. of California - San Francisco and former member of the Medical Advisory Board of the UCSF Center of Excellence for Transgender Health. She has lectured on the various aspects of the transgender experience, its diagnosis and treatment, at conferences across the U.S. and three international symposia.

Auburn First United Methodist Church is an Affirming Church
