Kathy Kramer - krammerrmrelmore@frontier.com

509-284-6107

We know that the community where you serve as a pastor or lay leader presents unique circumstances.

The programs and ministry styles that work for larger, urban/suburban settings, don't always "fit" the rural church. Your personal and professional needs are different, too.

We at Rural Ministry Resources have sponsored several successful programs to help support, educate and inspire those who are engaged in rural ministry.

In order to stay current and relevant to you and the needs of your church, **it is important to hear from you.**

At this event, we will be asking and listening to your questions, your experiences, your joys and even your woes, with an eye toward how Rural Ministry Resource staff can help you and your ministry thrive through programs, consultations and mentoring.

The setting at the Immaculate Heart Retreat Center on Spokane's south side is a beautiful site, with comfortable meeting rooms and excellent meals.

We welcome you with listening ears and kind hearts to serve you in the spirit of Christ.

If you have questions please call or e-mail Cindy Wuts or Kathy Kramer using the contact info. above.
