**Clergy:** When was the last time you devoted some time to personal growth? When was the last time you took a vacation? When was the last time you simply turned your phone off without being paralyzed by fear that *something* will happen in the congregation and you will not be able to give of yourself?

**Laity:** When was the last time you genuinely asked how your pastor is doing and actually listened for the answer? Have you seen your pastor “running ragged” and asked to share the burden?

## **Mission U: Removing Barriers That Keep Us Apart by Lynn Swedberg**

Mission U is a hidden gem offered by United Methodist Women to our local churches. It also creates study materials for use by local churches. Lynn Swedberg will share an overview of the study on The Church and People with Disabilities from last year, and provide information on the 2016 studies so you can send interested members.

In this conversation we will explore helpful tools for connecting during hospital calls, comforting those in need, and even casual coffee hour conversations.
