

Read this first before completing the 2024 pastoral support worksheet for Pacific Northwest Conference appointments!

There is one pastoral support worksheet for all appointments in 2024. Full-time, part-time and lay pastor with benefits are covered by this form. There are many calculated fields that need to be refreshed along the way. Unfortunately, I have not been able to overcome the refresh document when several inputs are entered on the form.

To make it work each time, enter the compensation on the first page without changing the time and status fields. Once the compensation numbers are entered on first page select the applicable time and status from drop down boxes.

If you are starting over after entering compensation hit the reset button. This will reset the form. Remember, enter the compensation before changing the time and status fields. Changing the time and status fields after entering the compensation will calculate the correct charges on the second and third page of the document.

The second page has the benefit cost for full-time appointments. The third page has the benefit costs for part-time appointments and lay pastors with benefits.

The form uses Adobe Reader. Here is a [link](#) to this free software if you do not have it.
