Q. STATISTICAL TABLES

A. REPORT FROM CONFERENCE STATISTICS

Conference statistics shows a shift in the size categories of our churches and a continuing trend of decline in overall average weekly attendance. We have seen an increase in baptisms across the conference. Much of the data will be found at www.umdata.org.

Using the designations Corporate (351+), Program (151-350), Pastoral (51-150), and Family (up to 50), here's the data. You will also see the annual total of reported Baptisms across the Conference.

	2021*	2022*	2023*	2024*	2025*
Corporate (351+)	6	12	6	4	0
Program (151-350)	31	60	17	18	17
Pastoral (51-150)	78	46	70	67	68
Family (< 51)	95	49	88	96	113
Conference Baptisms	128	172	136	187	205
Weekly Attendance of 100+	64	31	42	48	32

The average weekly attendance number of 100 is significant as it is generally accepted as the attendance level to sustain a full-time ordained pastor.

***Note:** As we report on the results since the pandemic we need to keep in mind that both self-reported attendance information includes both in person and online participation estimates. There are differences in approaches to estimating this data point which we can not adjust.

B. STATISTICAL TABLES

This report contains data from the full Conference Statistical Tables Report as produced by the Pacific Northwest Treasurer's Office for submission to the General Council on Finance and Administration. For this snapshot, we relied on the "Quick Facts" categories used at: http://www.umdata.org

When an "*" is present, please contact the Treasurer's office for the number it represents.
